

## Installation Advantages

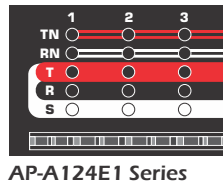

**7 Common Sense**  
Easy and unified integration because AVP panels have consistent color-coding and sequential numbering across the entire product line!

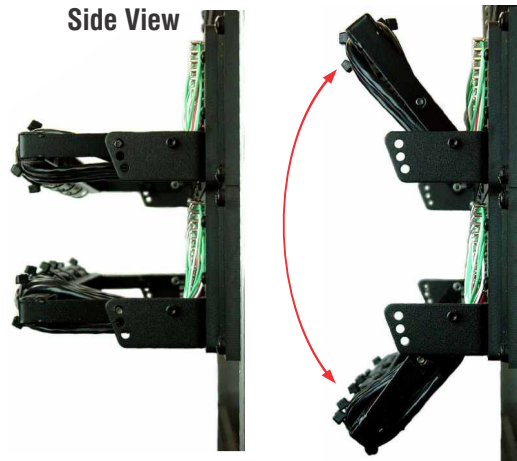

**8 Confidence**  
Terminate wire with 1 punch. The AVP punch tip makes a clear sound indicating a solid, gas-tight termination.

**9 Serviceability**  
Easily replace damaged terminals.

**10 RPT Pivoting Cable Bar**  
Accessibility is significantly improved with the pivoting cable bar, standard on all rack-mounted RPT product.

**11 Saves Space**  
2x48 Bantam Normals Out in a 2 Rack Unit Full Enclosure!
